LEGAL.

SUMMONS.

In The District court of the State of Neveda, in and for the county of Washoe The State of Nevada sends to M. Raphael Green action commenced spainst you as defendant by Chas. Kaiser, as plaintiff in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within for days after the service on you of this summons, (exclusive of the day of service), if served in said county or twenty days, if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken sgainst you according to the prayer of said complaint. The said action is brought to recover a decree and judgment against you foreclosing that certain mortgage made and executed by you in favor of said Chas. Kaiser and dated at Wadsworth, Washoe county, Nevada; September 3, 1884, raid mortgage being upon that certain real esiste situated in said county and described as follows: towit; lots 11, 12, 23 and 24 in Block 2, in the new townsite of the town of Wadsworth, being 50 feet fronting the depot and running back 180 feet, together with the two buildings therein. Said mortgage was made by you to secure the payment of your certain promissory note made, executed and delivered by you to plaintiff of even date with said mortgage for the sum of \$1,000, due two years after date with interest at 1 per cent per month till paid, all of which will more fully appear from complaint which is on file in the office of the Clerk of said Court'st Reno, in said county, and to which you are especially referred.

And you are further notified, that if you fail to

or and Court at Reno, in sain county, and to when you are sepecially referred.

And you are further notified, that if you fail to appear and answer said comptaint, the said plaintiff will apply to the Court for the relief demanded,

In testimony whereof, I have hereunto set my hand, this 17th day of April; A. D. 1890.

R. H. LINDSAY,
myl Attorney for plaintiff.

ADMINISTRATOR'S NOTICE.

FREE COINAGE CONVENTION.

The Silver State comments as follows: By virtue of the authority vested in him and in obedience to numerous and urgent requests to do so, Hon. Thomas Fitch, member of the National Executive Silver Committee, invites all who favor Congressional legislation in behalf of free and un limited coinage to elect delegates to a State Convention to meet in Carson City; Thursday, May 29th. This is the first practical movement having for its object the free coinage of silver made in Nevada. The people of the State, individually and through newspapers, have for years been demanding of Congress that it right the wrong (or mistake as mild mannered partisans termed it) of 1873. Our entreaties have been unheeded because actions speak louder than words and the wily politicians of the East saw that our declarations between elections were forgotton at the ballot box. Now it is proposed to try concerted action and prove the truth of the adage that "in union there is strength." The only hope of the State lies in the free coinage o The drought of last Summer and snows of last Winter devastated the herds and flocks which dotted our plains. The agriculturist of the Truckee, whose alfalfa fields enriched him, must find other markets for his product than that hitherto afforded him by the cattle owners of Northern Nevads, and that market he can find only by having free coinage of silver and renewed life in the mines. It is to be hoped that every mining camp

and agricultural settlement, as the question involved concerns the farmer as much as the miner, in the State will hold meetings and select delegates to represent them as the meetings at the respective county seats, and that full delegations of deter-mined men will be sent to the State Con-

THE SURVEYOR GENERAL'S OFFICE.

do not like the idea of having the office of the Surveyor General removed to Winnemuces. They offer no valid objection, however, to the proposed change, doubtless for the reason that they have none to offer. Winnemucca is the most centrally located town in Nevada. The people could assemble here quicker and at less expense than at any other place in the State. If Government offices should be located at the most accessible places Winnemucca should have the Surveyor General's office, but if partisan considerations determine where they shall be located, then of course Carson or Reno have claims superior to Winnemucca. Here the office would be equi-distant from the land offices of Eureka and Carson and it would cost residents of Carson, Virginia City and Reno no more to get to the office than it would the residents of Elko, Eureka and Austin.

If the powers that be desire to accommodate the people they will order the Surveyor General's office removed to Winnepartisans, regardless of the inconvenience it may cause the public, the office will be kept on one side of the State within a few

WATER GOING TO WASTE.

Enough Running to the Sink to Irrigate

There is now sufficient water running sink it is useless for all purposes unless it be to temper the atmosphere in the vicin-ity of the lake and cause cloudbursto in the mountains, as it is noticed that no cloudbursts occur along the Humboldt ranges ex-

the company's lands along the Humboldt with the understanding that two millions or more dollars should be expended in building storage reservoirs and irrigating Should this sale be consumated and artificial lakes made along the river in which the water now going to waste could be saved, the Humboldt valley may be transformed in a few years from a sage-brush plain into a rich agricultural region

Winnemucca Not Large Enough. The Battle Mountaian Central Nevadan

remarked a day or two ago in our hearing, Winnemucca is not large enough to hold two Federal office-holders.

Not long ago the Reno papers stated that the dam at the head of the Truckee and Lake Taboe have been shut down, and nowthe same papers say that the Truckee is overflowing its banks. There must be a

besides Tahoe. It is receiving the waters of Donner, the Little Truckee, Prosser creek, Cold stream, Martis creek, and numerous snowy moutain streams.

California's Modest Request. Special to the Journal.

SAN FRANCISCO, May 10 .- Gov. Waterman to-day telegraphed the World's Fair Executive Committee at Chicago asking

OREGON'S RIVERS RISING.

AN AUSTRALIAN TOWN PLOODED AND NOW ON AN ISLAND.

Akron, Ohio, Visited by a Cyclone-Damage Done by Storms in California.

WASHINGTON, May 10. - The House mendment to the Senate bill to increase the limit of cost for the public building at Sacramento, Cal., was concurred in.

The Army Appropriation bill was then taken up. Hale's amendment providing that no alcoholic liquors, beer or wine be sold and supplied enlisted men in any canteen or building in any garrison or military post, was agreed to. Yeas 30, nays 13. The bill then passed.

The Senate then passed 185 individual pension bills in an honr and a balf.

After an executive session the Senate adjourned.

House Proceedings. Special to the Journal.

&Washington, May 10 .- LaFollette, of Wisconsin, made a lengthy speech in favor of the Tariff bill and drew a comparison between the Mills bill and the pending measure. The Republican bill favors protection to American agriculture, manufacturers and labor; the Democratic bill opposed that policy. The Demycratic policy would nullify the alien labor law because it was cheaper to import the product of labor than to import cheap labor itself.

Springer, of Illinois, opposed the bill. After ridiculing the imposition of duty on cabbages and eggs, he reviewed the free list and declared the American hog was discriminated against in that bristles were placed on the free list, while a high license was placed upon wool. Was it for the benefit of the Illinois farmer that his sleek, fat hogs were placed on equality with razor-backs of Mexico? [Laughter.[He predicted that in 1892 there would be a Democratic Congress pledged to repeal this bill if it should become a law.

Dingley, of Maine, supported the bill and after a few other speeches were made a recess was taken until evening.

Baseball Notes. Special to the JOURNAL.

PHILADELPHIA, May 10. - Players-Philadelphia 12, Brooklyn 7; New York 7, Boston 2.

The Chicago and Cieveland games were postponed on account of rain.

National-Cincinnati 1, Pittsburg 11; Philadelphia 4, Brooklyn 6; New York 2,

Boston 3. At Chicago the game was postponed on account of rain.

SAGRAMENTO, May 10 .- No game was played to-day on account of rain.

San Francisco, May 10 .- Oakland 16. Stockton 2.

California's Storms.

Special to the JOURNAL.

VACAVILLE, May 10.-A heavy storm, lasting ten minutes, occurred at noon today. The inhabitants say they have no recollection of a similar visitation since the peopling of the valley. The cherry crop will saffer badly.

SACRAMENTO, May 10 .- The heaviest hail storm ever witnessed here occurred this afternoon accompanied by rain, thunder and lightning. It is very probable that much damage was done to the fruit crop,

An Australian Town Flooded. Special to the Journal,

San Francisco, May 10.-Advices from Sydney, per the steamer Zelandria, state but Clark's counsel succeeded in having that the greatest floed in the history of Australia occurred April 18th at Bourke, on the river Darling. The river broke through the embankment surrounding the town and submerged it to a depth of three feet. Burke is now in the midst of an inland sea 40 miles wide, and many of the buildings are collapsing.

The Rising Waters.

Special to the Journal. PORTLAND, Or., May 10 .- Melting snow n the mountains has caused the Columbia river to rise rapidly for a week or two past. Back water from the Columbia has caused the Willamette to rise and this evening it stands 19 feet above low water in this city and is rising one-third of an inch an hour. Many merchants along Front street have been compelled to move their goods from cellars and lower floors.

Ohio Cyclone.

pecial to the Journal. CLEVELAND, May 10 .- A telephone message received from Akron says a cyclone this evening did great damage to property there and vicinity. Details are hard to obtain owing to prostration of wires.

More Schools Needed.

Special to the Journal. GRASS VALLEY, Cal., May 10.—This school district voted to-day on the question of issuing \$20,000 bonds, bearing interest at eight per cent, for the purpose of building a school house.

Taking the Strikers' Places.

Special to the Journal. PORTLAND, Or., May 10 .-- A large number that ten acres of space be reserved for Cal- of outside men have come here to take the ifornia's exhibit, and promising that if the places of the striking carpenters and conrequest is accoded to California's exhibit tractors say that more will arrive in a few

A Decision in the Dashaway Case Special to the Journal.

San Francisco, Mas 10.—The Supreme Court this morning ended the long pending litigation over the property of the Dushaway Association by deciding that the property of the Association can be disposed of as the members see fit. The Association was organized to promote the cause of temperance, but was disorganized some time ago and \$72,000 of donations to the Association was distributed among the stockholders. It was this distribution and contemplated distribution of the balance of \$39,000 that the Attorney General took exception to on the ground that there could be no such conversion of money of a charitable organization or fund.

The Cantilever Bridge Helps Out a Blockade. Special to the Journal.

San Francisco, May 10 .- A Chronicle special from Needles, Cal., says the first train to cross the Atlantic and Pacific great cantilever bridge, passed over at two o'clock this afternoon, allowing travel to be resumed after thirty hours interruption, caused by a washout. The bridge is 990 feet long. The span of 660 feet between the main piers is the longest span of that type, in America. Five passenger trains which were held on each side of the river by washouts proceeded at three o'clock. The formal opening of the bridge will probably occur on the 20th.

Breaking Levees. Brecial to the Journal.

STOCKTON, May 10 .- A break in the teves on the Southern Division of Union Island, at the Old River, occurred this morning and the ranches of William Hutchinson, Antone Kass, and John Johnson, comprising in all 1,500 acres of grain, are all under water. The break is thirty feet wide. Three hundred men are now patroling the the levees watching for weak spots, The upper San Joaquin was very high last night, overflowing its banks and covering the lowlands about Newman and vicinity. There is great anxiety felt by the islanders whose crops are very large.

Condition of Wheat. Special to the Journal.

Washington, May 10.-The official report on the condition of Winter grain May 1st, makes a reduction of one point in wheat, the average being 80, barley 84.6. Areas in which roots were not too severely frozen have improved during the past month. There is a partial recovery from the very low condition for April on the Pacific coast averages. The Condition for California is

A Suspension and Reprimand. Special to the Journal.

Washington, May 10. - Lientenants Garst and Slayton arrived here to-day with the findings of the court-martial in the case of Commander McCalla. The impression prevails among naval officers that the court sentenced McCalla to suspension from duty and to be reprimanded by the Department.

. A Seaman Drowned. Special to the Journal,

San Francisco, Cal., May 10.—Thomas Grayam, chief engineer of the steam schooner Scotis, plying between here and Oregon, was drowned this morning soon after the vessel was docked. He slipped while in the act of stepping from the respel to the dook and fall

Highwaymen's Bail. Special to the JOURNAL.

SANTE FE, N. M., May 10.-The bail of Lee White and Frank Cody, who committed a highway robbery at Lamy, was fixed at \$5,000 each and they were committed to jail to await the action of the Grand Jury at the next term of court.

Sentence Postponed. Special to the Journal.

San Francisco, May 10.-C. E. Clark, convicted of the murder of Captain Duncan Logan, was to have been sentenced to be hanged by Judge Murphy this morning, the sentence postponed for a week.

A Slight Reduction.

Special to the JOURNAL. Washington, May 10:-- The statement that the Government is indebted to General Fremont \$21,000 is incorrect. The amount involved is \$1,900 and Congress will be asked to pay it.

MISCELLANEOUS.

The importance of purifying the blood cannot be overestimated, for without pure blood

you cannot enjoy good health. At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and we ask you to try Hood's Peculiar Sareaparilla. It strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. The peculiar combination, proportion, and preparation of the vegetable remedies used give to Hood's Sarsaparilla pecul- To Itself iar curative powers. No To Itself other medicine has such a record of wonderful cures. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other instead. It is a Peculiar Medicine, and is worthy your confidence. Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass.

The Silver State expectantly chirps: The Carson Tribune and Reno JOURNAL

miles of the California line.

the Whole Humboldt Valley. The Winnemucca Silver State says: into the Sink of the Humboldt to irrigate the whole Humboldt valley for several seasons, if it could be stored for that pur-

cept when there is considerable water in the lake. It has been remarked that Humboldt lake is at the wrong end of the stream as there are no lands below the lake on which the water could be utilized, the flats being saline or alkaline and utterly destitute of vegetation. To remedy this defect it has been proposed to construct immense reservoirs up the Humboldt in which to store water for irrigation purposes. The railroad company, it is so reported, is negotiating with an English syndicate for the sale of

producing all the cereals, fruits and vege-tables of the temperate zone.

SAYS: The people of Winnemucca are desirous of having Geo. F. Turretin remove the Surveyor General's office to that place. We are of the opinion that it would be a good move, as it is nearer the center of the State, and as Mr. Turretin is a resident of Winnemucca, he has the same right to move the office to his place of residence as to move his residence to the office. If we remember rightly, Mr. Powning, after receiving the appointment, moved the office from Virginia City to Reno; but, as Kelly

M. E. Church at 11 a. M. and 7:30 P. M. Morning subject, "Belshazzar's Feast and the handwriting on the wall." Evening "Belshazzar Weighed in the subject, balances."

BOARD OF TRADE.

What Was Done at the Meeting Yesterday.

The regular monthly meeting of the State Board was held yesterday.

Present-Messrs. Fulton, Bragg, Powning, Foley, Martin, Irish, Folsom and Secretary Bragg.

Mr. Foley was elected President pro tem. The minutes of the last meeting were read and approved.

The Von Schmidt water scheme was discussed at length by the different members present.

The proposition of sending out a pamphlet to different parties who think of coming here to settle, or to induce people to come here to settle, was discussed. The copy which the Manager had present was approved and 2,000 copies ordered printed to be distributed.

Mr. Fulton said land at Lovelocks could be had for \$15 an acre, which was excellent for all purposes. Railroad land could be had for even less, and water could be bought for \$3. That there was plenty of land in Mason valley, also Washoe and Elke, all of which was excellent for all agricultural purposes.

Reports of different committees were received.

Communications read and acted upon. A letter from Mr. Brown, of the Donner Boom Co., was read, and a vote of thanks was extended by the Board to the Donner

Boom Co. for courtesy extended. A letter from Russ K. Colcord, with a remittance of \$10 inclosed, with the request to be enrolled as a member, was received. He also sent the name of Edwin

Wood. On motion the Manager was instructed to apply for space for Nevada at the

The Washoe Lake Disaster.

A resident of Franktown, who was in Virginia City, and had conversation with Virginia City, and had conversation with of a large flume to run almost direct from Snippy, the boatman, the only witness of Rodenbab's to the mills. This he claims the Washoe lake drowning disaster, said to would carry one-third of the stream at low a Chronicle reporter that Snippy informed water, which would be sufficient to run the mills, considering that there would be but him that Jones, one of the victims, swam within 20 feet of the lake shore after the boat capsized, and had the shallow water. | about one-sixth of the time required for it His companions, who were clinging to the to flow down the regular channel. This bottom of the boat shouted to Jones not to leave them drown and then Jones swam back to the boat and was drowned in enendevoring to rescue Dodge and George, who in their anxiety to be saved from a watery grave seized Jones by the arms and legs rendering him powerless to swim, and the three men sank to the lake bottom to-

Magnificent Marble.

The Inyo Independent says: Bome fine blocks of marble are being taken out of the quarry. One of these weighs 15% tons, and is a beautiful stone without a flaw. Much larger blooks could be taken out were it possible to ship them. There is a block of moss-agate marble ready for shipment that weighs ten ton. The beauty of this stone cannot be duly appreciated without being seen. The mill for working the marble will be provided with the very best machinery and most improved appliances of all kinds. It is a serious loss to Ownes Valley that the mill is not located here instead of at Verdi, 350 miles away from the quarry.

A Big Difference.

While everybody in Nevada, who is not a fit subject for the lunatic asylum, believes that the remonetization of silver would benefit the State, only a few outside of mucca mine and is repairing the furnace those actually engaged in mining, realize and machinery to reduce the ore. It is the loss occasioned by the discount on probable that the furnaces will be fired up bullion. As an instance the Pioche Record says the late rise in silver makes a difference of over \$150 per day in the bullion produced at the furnace at Pioche.

Carson's Sunday Amusement.

At the Carson race track to-day there will be a running race between Rock and a Genoa mare; also a trotting race between Dandy Jim and a Douglass county

Go to Lange & Schmitt for garden hose, garden tools, and sgate ware. Largest stock in the city.

Mckissick's opera house.

Night of Comic Opera-"Said Pasha." The California Opera Company, a wellplanced and efficient comic opera organization from the opera house, San Francisco, will present at the Opera House May 14th, the sparkling musical success "Said Pasha."

This work is new to Benoites, but comes well recommended and properly vouceed for. It was first presented in San Francisco at the home theatre of the proffictors of the company now presenting it in the East and it secred so heavily that it was decided to carry the production throughout the entire country. Philadelphia, New York and Boston were visited and the production was pronounced as well nigh perfect as comic opera productions of the present day can well be, which is saying a great deal, "Said Pasha" was arpairing to the Steamboat Springs property ranged to amuse and please the anditor, and his accommodations are highly spoken and is placed before the public for that purpose. It is said to contain so many airs Dr. Thoma returned yesterday from a that become popular through the merry hurried trip to San Francisco to attend jingle they express that the auditor is left upon Judge Sabin. The Dr. does not in confusion to decide which one he really likes best. The comedy element is also prevalent; in fact, so much so that an Easttern critic describes "Suid Pasha" as "a costuming has been given the management in "Said Pasha," and full advantage has been taken of it. The rich Turkish dresses used in the Pasha's harem scene are of the finest possible material and manufacture, and the same may be said of the rich India costumes, used in act second in the Rajah's palace. In fact, at the finale of this act, the beautiful scintillating of the silks and sating used to dress the characters and beautify the scene, leaves an impressive and effective picture in the minds of all fortunate enough to witness it. The scenery and mechanical effects were prepared especially, and are the same that were used in Philadelphia and New York. The cast is replete with names familiar to the patrons of musical and theatrical entertainments, and lends strength to the announcement that the production is perfect in every detail.

Nevada at the World's Fair.

The Enterprise pertinently says: Our State Board of Trade should make application without delay for space in the World's Fair at Ohicago, as has already been done by the California Board of Trade. Let us show the Eastern States that Nevada is not to be despised, even though she has been robbed and preyed

upon by the Nation and its mighty ones We carried off many first prizes at the New Orleans Exposition, and we can get away with many more at this Chicagoshow. We can show horses and cattle, farm and orchard products, and other fruits of the soil that will astonish the farmers of the prairie States. In the way of ores and minerals Nevada will not step down and out for any country or region on the face of the earth. Not only can we show the finest and richest ores of the precious metals, but also of all the useful metals except tin) known to man or found anywhere on the American continent. In the way of such minerals as borax, soda, salt, sulphur, alum, and many others we can match the world. Also, we can make a fine display of the more rare metals, minerals and gems. For years Chicago has been abusing us through her papers; let us now take our stand in her show and pose as the "gem" of the Exposition.

A Suggestion on the Water Question. The Genoa Courier says:

B. M. Taylor, of Genos, suggests a new plan for the ranchers and milimen to settle their pending litigation. His plan is for both parties to take the money that will according to present appearances, be spent in litigation and use it for the construction little waste or evaporation, as the water would run that distance in a flume in would leave the ranchers two-thirds of the stream for irrigating purposes.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery I and diarrhosa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflamation, and gives tone and energy to the whole system. - Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best aurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents feb. 21-ewf-'y

The Humboldt Reduction Works. The Silver State says:

The repairs to the Humboldt Reduction Works are rapidly approaching completion, a large force of men being employed, and the thud of stamps will soon be heard again in Winnemucca. Alex. Wise, proprietor of the works has a contract to extract and work 3,000 tons of ore from the Winne-

and the mill started next Monday.

Should silver continue to advance in price until its old standard value is attained, there is no reason why the Reduction Works should not be kept running steadily on ores from this vicinity.

Von Schmidt's Scheme.

A. W. Von Schmidt met the Citizens' Committee of One Hundred, of Oakland, Friday night, to present his scheme for bringing water from Lake Tahoe to supply San Francisco and Oakland.

Beautiful Lots For Sale!

CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee -The Aristocratic Avenue Riverside Driveway-Splendid Sewerage-Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the pendent Order of Odd Fellows, meet for the pendent order of Odd Fellows, meet pendent Order of Odd Fellows, meet for the pende town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the Cali-fornia market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposi-

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southein Oregon.

RENO

Has no equal in Nevada or California for salubrity of elimate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception is the Healthiest Town in Nevada and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. for all purposes. The streets of Reno are lighted by electricity.
